## PET OR GLASS JARS – WE'VE GOT YOU COVERED

All our plastic PET and glass bottles meet international standards and are recyclable. Our strong plastic PET jar range is available in seven sizes and shapes. Our glass range is available in 50ml/1.6 oz and 100ml/3.3 oz.

## A WORLD-LEADING MANUFACTURER

Global Grinders is built on innovation, a 'can do' attitude and uncompromising quality. Our extensive range is continually developing so that we can offer our clients new and exciting options. Quality is at our core and all materials used meet international standards, being both FDA and European Union approved.

We pride ourselves on offering working conditions that are above industry and national averages. From our Cape Town facility, our dedicated team works to bring our quality assurance to life in every aspect of our operations – in our customer service, quick order turnaround and of course, our innovative products.
