1 and 5 hole flip top  
Neck thread:  
38mm, 41mm  
Fits glass or PET

## Standard Flip Top

1/5/7/19 hole sprinklers  
Neck thread:  
38mm, 41mm  
Fits glass or PET

All materials used in our products can be recycled, apart from ceramic gears which we can supply upon request. We have introduced food-grade production regrinds and post-consumer recycled content into some manufacturing processes. We are also committed to meeting the recycled contents targeted by various state and national legislations.

## TAMPERPROOF OPTIONS - safeguarding your contents

We offer various options to protect the freshness of your contents and / or reduce tamper risks: application of liners (either pressure sensitive or heat induction), built-in tamper proof lids or bands, shrink wrapping or even snap-on functionality to avoid unwanted removal.

## PET bottles

all PET containers now available with post-consumer rPET content

original spice jars and flare design in the glass range

styrene bottles for the mini range

## A WORLD-LEADING MANUFACTURER

Global Grinders is at the forefront of grinder innovation and quality. The company is built on a "can do" attitude and our extensive range is developing all the time, so we can offer our clients new and exciting options. Always ready to go the extra mile, we can customise products to suit specific requirements, from designs to colours, threads and materials.

A preferred supplier of grinders to CPG firms and grocery outlets, our products are exported all around the world.

## PET OR GLASS JARS - your choice of containers

All our plastic PET and glass bottles meet international food standards and are recyclable. From 10ml/0.33oz to 1L/33.8oz, our PET bottles fit various neck threads, from 24mm to 63mm. Our glass jars are suited to 41mm neck threads and are available in either 100ml/3.3oz or 50ml/1.6oz.

## EU & FDA APPROVED MATERIALS - we've got you covered

Our team is continually working to advance grinder design by using the highest quality materials and leading technology in our products, within an environment fully compliant with the highest food safety system. Our quality guarantees your peace of mind.
